The Mitzi 17 Tournament: equipped the way you want it, built out of years of input. The Mitzi 17 Tournament has all the standard features as the Mitzi 17 with the options you've been asking for. The bait well console was added to keep your live bait alive.

We've added the rear release well for the tournament fisherman, to keep the catch alive. Next we've added the built-in fuel tank, so you can carry a little more fuel. And finally we added the console rod rack, and for comfort the 3 piece cushion set. To set it all off, we have also included the exclusive 17 tournament decals. We know this boat will get you ready for whatever type of fishing you do, pleasure or tournament.
