General Boat Description

Call George Today. Build Slot available

The 44 CT doesn't just focus on performance, it also delivers luxury and comfort for family outings. With plush chaise lounge seating and dual row seating at the helm, this boat offers the perfect combination of functionality and relaxation.

This 44-foot masterpiece is built for those who demand more from their offshore vessel. The 44 CT is engineered to exceed every expectation. Designed with semi-asymmetric double-stepped hulls and an impressive 12-foot beam, this boat combines stability, efficiency, and superior handling to dominate rough waters with ease. Add to that the 16.5°/21.8° deadrise, and you have a vessel that can cut through anything Mother Nature throws its way while keeping you dry and comfortable.

The Caymas 44 CT offers an incredible 1,000 gallons of fuel capacity, allowing you to venture further and stay longer on your adventures. With a draft of just 25 inches, you can confidently explore shallow waters without sacrificing offshore capability.

Built for serious anglers, the 44 CT features a staggering amount of storage and livewell capacity, ensuring you're always ready to fish at your best. The transom livewells hold 60 gallons each, while the rear in-floor livewells/fish boxes provide another 60 gallons each. For longer trips or big hauls, the midship and forward in-floor fishboxes each hold 190 gallons (760 qts), giving you unmatched space for your catch. At the center console, the coffin box offers 210 gallons (840 qts) of insulated storage, and there's even a 14-gallon cooler/pitch well and a 136-quart mezzanine cooler to keep drinks, bait, or additional fish fresh and ready.
