Ranger is unleashing a new predator to the bays and deep blue with the all-new 2600 Bay Ranger. The 2600 is the first open fisherman design in the Bay Series lineup, and carries all the quality, innovation and performance for which Ranger is known. The high-performing hull perfectly complements the spacious cockpit that can be tailored for virtually any style of fishing and delivers unshakable rigidity and peace of mind to take on new horizons and new species. With a standard 400-horsepower outboard, 97 gallons of fuel and dual baitwells, you'll have ample power and bait on tap to make the most of every day. No matter your latitude, the 2600 Bay Ranger delivers an open cockpit and wide-open performance.

- 25'10" hull and 400HP rating for commanding performance and confidence
- Open cockpit delivers room for a multitude of techniques
- Dedicated anchor stow
- Innovative console design
- Standard saltwater-ready Ranger Trail® trailer
